Song Lyrics

- Magnetic levitation
- providing a new perspective as I stare back at tha constellations
- obtruse tessellations
- tryin' to figure out my own explanations
- we modern humans are a genetic experiment
- so what happened to the others that didn't make it outta tha basement
- all these questions we faced wit
- confusing isn't it
- who created us in their image
- or as a superior enslaved species to mine gold
- is this a mirage
- I know this is a heavy load
- to comprehend,
- but do you understand
- there is a bigger galactic plan
- we can take a stand
- we ain't pawns no mo'
- we know this Life ain't a game
- it's a shame
- the people can't fully actualize their potential no mo'
- we stuck in these shells
- 'cause we dwell
- on the false physical laws
- trapping us in our personal cells in the jaws
- of our collective prison

- it's our decision
- to break free
- to set us free
- afraid we don't have to be
- let's pump love & peace
- in our hearts & not allow us to be deceived
- we must believe
- that we can achieve
- anything
- that is what I sing
- & rep consciously for my people
- we no longer sheeple
- we decoded the occult messages
- & recognize the human-built and extra-terrestrial built space ships
- decoding the Truth about the eclipse
- massage
- your consciousness
- & let yourself be free
- let them be free
- too & this is the Nature of our Consciousness
- peace
- not nonviolence
- simple cantilever beam
- raps thrusting out tha seams
- leaving gaps in the fallacies of what you
- thought you knew
- interspersed with what you didn't have a clue
- What do we do?
- Give up
- or wake up
- and stand up
- now
- you know how
